DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see Paper No. 10, filed 10/15/03, with respect to the claims have been fully considered and are persuasive in view of applicant's amendments.

Claim Objections

2. Claims 1, 6-18, 20, 29, and 31 objected to because of the following informalities: In claim 1, line 14 "tubehwich" should be --tube which--. Appropriate correction is required.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claim 28 is rejected under 35 U.S.C. 102(b) as being anticipated by DeClaye (US Patent # 1,459,285). DeClaye discloses a firearm comprising a grip, a frame connected to the grip, and having a frame bridge, the frame bridge having a front face, a rear face, and an aperture extending from the front face to the rear face, a barrel tube (reference 13) extending through the frame bridge aperture, the barrel having a front end and a rear end, and a barrel block extending radially outwardly from the barrel tube, the barrel block abutting the frame bridge rear face (See Figure 1).

Allowable Subject Matter

5. Claim 1, a linking claim, is generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claims 12-18, and 20, are no

Art Unit: 3641

longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim. However, claims 21-24, 26, and 27, directed to the species of firearm remain withdrawn from consideration since they do not depend upon or otherwise include all the limitations of an allowed generic claim as required by 37 CFR 1.141.

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

6. This application contains claims 21-24, 26, and 27 drawn to an invention nonelected with traverse in Paper No. 4. A complete reply to the final rejection must include cancelation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

7. Claims 1, 6-18, 20, 29, and 31 are objected to but would be allowable if rewritten to correct the typographical error.

8. Claims 3, 4, and 30 are objected to as being dependent upon a cancelled base claim, but would be allowable if rewritten to depend from allowed claim 1.

Art Unit: 3641

Conclusion

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
